

TERMS OF REFERENCE: SEARCH AND GOVERNANCE COMMITTEE

Purpose

The Search and Governance Committee is to advise the Corporation on the appointment and re-appointment of all Members of the Corporation (with the exception of the Chief Executive, staff and student representatives), having regard at all times to the provision of the Instrument of Government and any other such appointments as the Corporation may ask it to (co-optees etc). The Code of Governance for English Colleges outlines the need for Corporations to:

- Ensure that there are organised and clear governance and management structures, with well-understood delegations
- Regularly review governance performance and effectiveness
- Meet and aim to exceed its statutory responsibilities for equality and diversity

The Committee is required to adopt open and transparent procedures for the recruitment and selection of governors, to ensure that the composition of the Corporation broadly reflects the community the Group serves in terms of age, gender, ethnicity, geographical spread, experience, etc. It is the Corporation's view however that achieving a balance is, however, a secondary consideration to the most important requirement, which is that a candidate must be personally suitable for appointment;

Role of the Committee :

1. To recommend candidates for approval by the Corporation in accordance with the current Instrument and Articles of Government and after following the approved procedure for the re/appointment of Members. ,
2. Monitor and evaluate the success of individual member appointments and advising the Corporation on the suitability of Members for re-appointment, acknowledging the value of refreshing its membership.
3. Take action to address issues of succession.
4. Advise on such other matters relating to membership, appointment and good governance as the as the Corporation may direct/delegate from time to time;
5. Conduct on a regular basis a skills audit of Members to identify the skills of existing Members and to assist in the appointment of new Members, highlighting any skills gaps identified.
6. Monitor the diversity profile of Corporation members and have due regard for the benefits of diversity in membership, making recommendations regarding appointments to remedy any under-representation where appropriate. The Committee shall have regard to the Group's obligations under all aspects of discrimination legislation. Nevertheless, the candidate's suitability for the post should be foremost.

7. Consider from time to time and make recommendations to the Corporation on the Corporation's composition and the balance of its Committees;
8. Review Corporation processes, including standing orders, code of conduct, procedures relating to senior post holder HR matters, and recommend any amendments in light of a review to the Corporation;
9. Develop and recommend to the Corporation procedures for the induction, training and on-going development of Corporation Members;
10. Monitor the attendance of Members of the Corporation at meetings of the Corporation and Committees and take action where continual poor or non-attendance is identified.
